2 My dear friend

We are greatly
delighted with the consent
to meet friends at the Isaac
T Hopper Home on Sunday next
We will hold them to the engage-
ment, and send out invitations
accordingly —— It is of great
importance that we embrace
such an opportunity, and I am
sorry Dear thy presence and
an account of thy intercourse
with Josephine Butler will
more than repay him to actem
We will have associated
in advance which is the way
to open the eyes of the mind

And Make the occasion altogether acceptable & effective as well

I am honored & pleased by Harry's invitation for Thursday, and will accept with great pleasure

All the arrangements will be made desirable to Thee, my Fathers dear and youthful friends, and I hope indeed we shall have circumstances bring us together again

Truly & affectionately
